Parent Newsletter 🌸 March 2021

"This is the day which the Lord has made.
We will rejoice and be glad in it." Psalm 118:24

Dear Pre-K Families,

February was a great month of discovering the meaning of 'love'. We read wonderful bible stories about love for our neighbors/each other and we discussed God's love for us. We discussed the importance of giving/donating to amazing causes like the orphanage in Nagaland, and we had a lovely Valentine's Day Party!

Spring has sprung! It's a beautiful time of growth and development. As children grow physically, emotionally, socially and academically, they often push the boundaries. Each child progresses in different ways. Some children begin to 'tell stories', become interested in 'playing doctor', while others tattle or report, or call each other names. These examples are normal development for children in this age group. It's an exciting time of discovery and they are learning. They are learning and needing boundaries as they experience and live life in a new way. Please continue to talk to your child when these changes occur.

This month we will be studying jungle animals, pets, farm animals and St. Patrick's Day!

With less than a handful of months remaining in the school year, please continue to review AND reinforce the concepts your child is learning in school (for example: letter and number formation). It's the constant repetition which will help solidify their understanding and have them rock solid and ready for kindergarten in the fall.

We want to give you an early reminder that Easter falls on April 4. We will be closed April 5-9.

If you have any questions or concerns regarding your child please let me know.

With much gratitude,
Teachers Diana, Jenna & Jill
